Testing everything but your deadlines.

Why choose us?

What we do

About Us

Established in 2004, iTech Labs tests and certifies various gaming products, such as RNGs, games and platforms for the online gaming industry worldwide.

Trusted by many leading online gaming organisations, iTech Labs' loyal customer base continues returning for our friendly, experienced staff, our dedication to meeting agreed deadlines, and our competitive, set prices.

- Absolute dedication to agreed deadlines
- Experienced Testers
- Testing from multiple time zones
- Highly competitive pricing
- Advice on regulatory requirements
- Consultants based across the world
- Full transparency with regular reporting
